Don't say, you know. Look, you locked me up. You followed me with the walkie-talkies. I did. I said, my lawyer knows all about it. I run one guy around. I said, sergeant, you are a good sergeant. He got in my room after me. You fellows fell into a trap. My attorney, I won't mention his name, told me to use this telephone and make a date with somebody out of town, and told me where to make it, and sure enough you listened and you caught me and trapped me. You followed me. I wasn't undressed. This girl wasn't undressed. Whatever this guy said I don't know. It's alie. I'll get the night man. I gave ten dollars to him in tips and I charged it to STANDARD-TOC. So whatever is on their mind, I don't know. You have a job to do, but don't bring me up like this... You talk about this [REDACTED] I did know that he was in business down South, but about this I don't know. Do you ever see him? Yeah, I see him... But as far as him being in with me... If I have to answer, there is no organized crime here. [REDACTED] is in jail. So they are picking on me. I'm the only Jew. Who else are they going to pick on. That's how I said it. What you want from ANGELO BRUNO, I don't know. But I read in the papers, you could vomit. It's obnoxious. He took ... I never heard of those things. He can answer for himself. I never muscled anybody in my life and I'm not going to start now. He said, well, how do you expect to get spot? I got friends. They have been here all my life. I know a lot of people. RB- (It is possible that there is a fourth man present and if so he is identified as RB). There is something more important than this that I have something to say about. There is a [REDACTED] here named [REDACTED] he is a nice guy, [REDACTED] smart. If we can throw any business his way, a little bit...do us some good. Pretty strong [REDACTED]... WW- (How would it do you some good?) I know [REDACTED] RB- You know him? No good? What I mean he is pretty friendly with [REDACTED] it seems like. WW- If I can do the [REDACTED] a favor he will come to one of us. Maybe he will do it for you...he is like this...like this here. You listen to what I tell you. AB- Let me say this, you have two statues, one civil and on criminal.... RB- The only difference is is that the civil the burden of proof is one you and the criminal is on them.... AB- I am not worrying about the burden of proof RUSS. They came down to me and said we want your records. I said, what records to you want. They said, you won so much money in CUBA, now where are your records. They wanted to know who or how much I won one night, lost next night and so on.... RB- Wanted a record at the end of the year... AB- No. I told them that I gambled one night on craps. I went in with 300 and walked out with so much, deduct the 300 and that is what I won. That is what I filed for. I gambled one night. The statute of limitations expires now they throw you into criminal. They try to complicate your wife in and they can still get the money. If the statute expires they can still get the money. They all talk together about the legal intanglements involved in a tax suit, time, etc.

You know who is qualified. I come back. A (obscene) blast in the paper with SANTO's picture. Him VITO, ALBERT. Real nasty, you know. So, I go back. I called the guy. I says, how are you? He says, all right, who is this? So I told him. He says, Oh, Gee, I so glad you called me. He says, I got bad news for you I said, what's that. He said, I can't come with you. said, what do you mean you can't come with me? He said oh, my family, they won't allow it. He says, what a nice fellow, he says, you'd never think he was talking to me on the phone, such a clean cut fellow, looks so good, like a real, good businessman, nice--well, SANTO is nice and clean cut-- he says, but my wife, my family, they said if he did all of those things, what will he do to you? So we were hooked again. And I had to come back. I didn't have the time. Do you want an exterminator? He's not a college graduate, but you got to put somebody to watch him. AB: Laughs. AB: But he knows the business, the extermination. AB: I don't know the guy, right? He's no good. AB: Well, I know him. AB: Even if I know him he's no good. See, I'll tell you why. Number one, you have to have a license. My son is one of the best exterminators here, the best in PHILADELPHIA. My

When I come back I am going to buy something. We'll buy something, because there is something for sale. I'll buy a company with a G.D. ... and then we'll improve on it, that's all. 			(Ange speaking) you have to be careful of. Especially if it's for an amount like [REDACTED] which is what he needs. ANGE says that he learned about friends a long time ago. It was one time that they had a Crap Game going in Wilmington. They were notified ten minutes ahead of time that the place was going to be raided, so they took all the Bills and put them in the Safe. The Cops raid the place and tell this guy who has the place to open the Safe. He opens the Safe and there is twenty thousand dollars in it. The Cop says, well, whose money is this. The guy says it's mine. The Cop says OK, I'll have to take it with me but I'll give you a receipt. First however I want you to sign this paper saying the money is yours. So the guy signs. The first thing he knows is that he gets a notice to appear before the Grand Jury and he gets worried. How is he going to explain where he got the twenty thousand dollars. Five thousand of it, he can account for, that he borrowed but the other fifteen he don't know what to tell them. So he goes to this friend of his, a very rich man, and says look, I need some help, would you tell anybody who asks you, that you loaned me fifteen thousand dollars. The Rich friend says sure, no problem at all. So what happens, this guy goes before the grand jury and they ask him about the money. First is it his. He replies yes. Then they ask him where he got the money and he tells them he borrowed five thousand from a Bank and the other fifteen thousand from a friend. So then they ask the friends name and he tells them. Then they excuse him and sent for the friend. They put the friend on the stand and put him under oath, so then this fellow who is questioning him says, look you are now under oath and if you tell a lie you can go to jail for five years. If you tell another lie it will be five more years. So this Rich guy gets shook and they asked him if he loaned the fifteen thousand dollars and he said no. So what happens they call the other guy back and indict him for telling lies. That's friends for you, understand, [REDACTED] laughs and says that guy was no real friend, you could go to [REDACTED] (Ph) he's alright and knows all the answers. ANGE says that he don't know. [REDACTED] comments that he's no shylock either. ANGE then says that it's too bad that the need for the money came up before he got the business built up. On top of that will loan me that I'm sure. points out that would be a good guy to have sit in on the settlement as ANGE comments that it sounds like a good idea. The main thing is to get this money back to and get it off his mind. ANGE then complains that his whole trouble is that he has too many irons in the fire, the result is that he is always under pressure. says ANGE wouldn't be happy any other way. ANGE says that it has given him ulcers. says that he has them too but he enjoys being under pressure, it's a challenge, besides he is and can still take it, then asks ANGE why he went into the Cigarette Business if it bothers him. ANGE says that he had to and couldn't quite now if he wanted to. asks why. ANGE replies that people would talk about him and ruin his reputation. asks how. ANGE says that they would say that he was a failure. says well, maybe it's just as well, ANGE would not be happy unless he had plenty to do. ANGE says maybe so, but it's not the business that troubles him but he has to handle so many other things. Today he had to call WILLIE WEISBERG in and talk to him. laughs and says OLD WILLIE, how is he. ANGE says he is doing OK, but to hear him talk he is losing his shirt. What happened was that WILLIE went and So came to ANGE and asked him to tell WILLIE to lay off. asks what WILLIE had to say. ANGE says WILLIE told him that so figured that it was OK to take his. ANGE told WILLIE if that was the case he would not interfere however he wanted WILLIE to bring in some proof. If it was not true WILLIE had to WILLIE is going to let him know in the next few days what the story is. says he has troubles too, one thing that is bothering him is

A- Let's make sure, huh? Yeah, because we're set up at the bank for March-April 1st. (Pause for an outside interruption.) (UNMAN enters.) U- How you doing. ANGE? A- Hello. [redacted] pho. UNMAN leaves office saying, "Well I'll see you later, boys". Several says solong, good-bye, etc. He don't answer his office. He called me about/an hour ago at once here: How about his house? I'll call his house. I don't think it will mean much. Listen. What's our position (for?) ... We can hold them off until the first of March. Right? Oh, yeah. March- April. I'm going to be about a week - 4 or 5 days. It depends when I leave. I was supposed to leave tonight but I can't get a reservation. If I left tonight I was coming back next Saturday. A- Interest added on. Whats that come to? About 12%? He's not home. A- They're anxious to give me the money but I don't want it that way. I don't blame you.... PM 3:56	[redacted]		Continuation of conversation ANGELO BRUNO, [redacted] [redacted] A- Boy they are really [redacted] down in Miami. [redacted] called me, [redacted] called me and said they are really ripping into them down there. I think that this is their last shot at me, if they don't come up with anything on me. That is why I think that they are trying to get me on immigration. All that investigating and the could not come up with nothing, now if they come up with something...I don't know... [redacted] You know ANG I was with [redacted] He say he thinks that he is in, I said, did [redacted] (PH) the next day, in fact it came out in the papers next day that they had an appointment. He said do you remember BLUMBERG, the steal guy that died and left a young wife, left about 5/6 million. AJAX steel or some thing. [redacted] [redacted] They were talking there and he said to me, I think that (ROBT) KENNEDY is going to leave, they are going to make a special assistant (to the pres) out of him. They want him out of the way, he is too much. He is starting to hurt to many people, big unions. He is not only hurting the racket guys, but others, anti-trust.....I think that he is going to leave. But the only reason he won't leave, which I heard before, I see he wants EDGAR HOOVER out of that A- EDGAR HOOVER.... [redacted] He wants EDGAR HOOVER out of the FBI because he is a fairy, you know he is a fairy, I heard this before... A- Who? [redacted] EDGAR HOOVER is a fairy.... A- Who would ever listen to that bullshit... [redacted] Listen to his. EDGAR HOOVER is not married and neither is his assistant, read back in his history.... A- His assistant? [redacted] His assistant, the man next in place for the job, is not married either...

			I heard a story about KENNEDY being a fairy.... He was caught in a one time, that is what brought on the business, what do you think ruined him? There was a paper in Boston that went bankrupt, it brought out an article about ROBT KENNEDY being dressed as a girl, he was suppose to be going to a party, was all dressed up as a girl. The newspapers hit the headlines about it, they brought out that it was not a party and that he was a fairy. So the father processed and ruined the newspaper, which he did very nicely. I don't believe it, because at the time the KENNEDY'S were not in power. I can see him going on this trip ANG, they are going to shove him in as an assistant to the president. He will be a powerful man but they will keep him away from this job that he's got. Forget the rackets, he is hurting the legitimate people. They got their money and now they want everybody to be nice. They want to go down in history with a name like the ROTHCHILDS. You know JOE KENNEDY had a home in Palm Springs in the 20's he did not just waste his money. His father in law took the fifth a few times, he was mayor of Boston and was indicted..... That HOOVER business is just talk. I can't see KENNEDY getting out of this job, I told [redacted] They are going to make this a family affair and he wants to be president. A- If [redacted] Dies, [redacted] Is that right? Yeah. A- How about that. Does he want to [redacted] I was kidding him, he said get the f--- out of here... A- He gets more money now? I don't know, there is a question about it. They then discuss a pizzeria that opened up at [redacted] and ANGELO got [redacted] ANG makes call to [redacted] at pizzeria to find out who much cheese he uses, [redacted]

A- If I knew that I would not have done it for them.... [REDACTED] When did you do it.... A- About 4 months ago.... [REDACTED] That is when we were looking for [REDACTED] there. If you did him a favor, go in and ask him for a favor and see what kind of a guy he is... Did you get your machine in there? A- I did not try yet, I have not gotten around to it.
